IRISES

—for—

Public and Private Institutions,
City Parks, Garden Clubs,
Cut Flower Dealers,
Home Owners

A GIFT for LOCAL INSTITUTIONS
PARKS - HOSPITALS - SCHOOLS - LIBRARIES
FROM YOU OR YOUR
GARDEN CLUB

Plant Irises in quantity and derive the full enjoyment of their beauty. Beautify the locality with self-increasing masses, clouds and sheets of rainbow colors.

Procure them not only for yourself, but for your community and its institutions. Feel the PRIDE and SATISFACTION which results from effort and expenditure for civic beauty.

Lots of 5 plants of one kind for one-half the cost of 10 plants.

Lots of 25 plants of one kind for twice the cost of 10 plants.

Lots of 50 plants of one kind for three times the cost of 10 plants.

Lots of 100 plants of one kind for five times the cost of 10 plants.

Orders for less than 5 plants of one variety cannot be accepted.

FRENCH LILAC ODDS AND ENDS

(At 40% Discount from Prevailing Prices)

In the old nursery at Wyomissing there is a block of French lilacs which are ready for the market, but cannot be offered in our regular list.

This block contains 413 lilac plants in 86 varieties. An average of only five plants to a variety. In many cases only one plant.

To include these "odd and end" lilacs in the Farr catalog would cause annoyance, disappointment and confusion. Many varieties would be oversold many times.

Yet these lilacs are choice, beautiful and valuable. When divided into color groups there are 39 blues, 52 whites, 108 mauve, 99 red, 45 lilac, 50 pinks and 19 purples. An opportunity, therefore, to offer them by color with names attached and prices reduced.

Prevailing prices on choice French lilacs average \$4 per plant, and the commercial supply in America is becoming scarcer each year. Prices have been increasing and will not be lower for many years. We feel safe in predicting a steady increase in French lilac prices for the next three years.

Here is probably the last opportunity to obtain lilac charm, fragrance and sentiment at normal prices. There is nothing to be gained by waiting, and our supply of these "odds and ends" will hardly meet the demand.

Colors	Prices	
	2-4'	4-5'
39 Bluish	\$2.50	\$3.50
52 White	2.25	3.25
108 Mauve	2.00	2.75
99 Red	2.25	3.25
45 Lilac	2.00	3.00
50 Pink	2.25	3.25
19 Purple	2.50	3.50

Prices include parcel post delivery. For express add 5% to the order total. All plants are on their own roots and names will be attached. Shipment as soon as the ground opens. Do not order if you are not prepared to plant early and before the buds break.

NOTE:—A certain quantity of these lilacs exist in 12-24 inch sizes. Should the larger sizes sell out, we will, unless otherwise instructed, ship this smaller size at one-half the 2-4 foot price.

Virburnum Carlesii. Best and most distinct of all Virburnums. Blooms resemble trailing arbutus and fragrance is more intense than jasmine. A few 18"-24" plants for spring shipment. Reservation orders accepted now, if accompanied by cash. Prices f. o. b. our station, \$5.00 each. Express shipment only.
